NEW YEAR'S AT ANAN'S HOUSE

This event really, really moved me!!

See, this villager's dialogue is sort of like... I guess you can say deep... like to the point that the burden of fate the main character has been carrying all this time was lifted off his shoulders with that one line.

And that one line alone made me think, "I'm so glad I played this game!"

I was so moved by it I actually thought I'd follow your games for the rest of my life!

Why have I gone outta my way ta spend the New Year at someone else's house for a session of erotic humiliation play...?
